PA State 30 Day Health Guarantee

This puppy is being purchased with a health guarantee. Within 10 days of purchasing your new puppy, you must take him/her to a licensed veterinarian for an examination. If the veterinarian determines, within 10 days of purchase, that your dog is clinically ill or has died from an injury sustained or illness likely to have been contracted on or before the date of sale and delivery, you have the following options:

- **Return the puppy for a complete refund.**
- **Return the puppy for a replacement puppy of equal value.**
- **Retain the puppy and receive reimbursement for reasonable veterinary fees, not exceeding the purchase price.**
- **This guarantee will not cover normal veterinary costs incurred while providing general care for the puppy.**
- **This guarantee does not cover any cost related to injury caused by buyer negligence or accidental injury.**
- **Any illness or disease contracted after 10 days of purchase will not be covered by this guarantee.**

These options do not apply where a seller, who has provided a health certificate issued by a veterinarian, discloses in writing at the time of sale the health problem for which the buyer seeks to return the dog. If within 30 days of purchase a licensed veterinarian determines that your dog has a congenital or hereditary defect which adversely affects the animal's health or that your dog died from a congenital or hereditary defect, you have the same option as outlined above.
You must notify the seller of the examining veterinarian's name, address and phone number within 2 days of the vet's certification of your dog's illness. Failure to notify the seller within 2 days will result in forfeiture of rights. Buyer must have proof from vet records and the seller reserves the right to have the puppy re-examined at our vet, at our cost.
